*New Year's Greeting from Gomonsu
Kojun Ohtani*

At the beginning of this New Year, I would like to extend my warmest greetings to you.

Last September, I had the opportunity to visit the Honpa Hongwanji Mission of Hawaii as Monshu for the first time. It was wonderful to have met with so many people at each temple, and I would like to extend my appreciation for everyone's warm hospitality.

At Hongwanji in Kyoto, Japan, from October 1, 2016 until this past May 31, the Commemoration on the Accession of the Jodo Shinshu Tradition was conducted with attendance of about one hundred fifty thousand people from throughout Japan and our overseas sanghas. Since the days of our founder Shinran Shonin, for nearly 800 years, the Jodo Shinshu teaching has been cherished and carefully handed down to us today by our predecessors. Reflecting on this, I am truly grateful to have been able to recite the Nembutsu together with many of you who took part in the services whether it be

in person or through the internet.

Being enabled to hear the working of Amida Buddha's voice calling to us, we become aware of our true self, in which we have the difficulty of accepting things just as they are, and being caught up in our own selfish mindset. That is why it becomes all the more important that we continue to listen to the teaching of Amida. As we appreciate the Buddha's great wisdom and compassion, we are naturally guided to care for and aspire to live together with one another.

In this New Year, let us continue to listen to the teaching while following the Nembutsu path together with everyone.

New Year's Greeting from Bishop Eric Matsumoto

Happy New Year! "The Value of Harmony"

Please let me express my warmest Aloha and Best Wishes to you for a joyous and harmonious New Year!

At the start of the New Year, let me share some Dharma sayings which have a special place in my heart. First, (slightly adapted) from "The Teaching of Buddha:

Thousands of people may live in a community, but it is not a true community until everyone knows each other and has empathy for one another. A true community has faith and wisdom that illuminate it. It is place where people know and trust one another and there is harmony. In fact, harmony is the life and essence of a true community or organization. Thus, the true teaching is the fundamental requirement of a perfect organization.

Secondly from Prince Shotoku:

Let us cease from wrath and refrain from angry looks. Nor let us be resentful when others differ from us. We are not unquestionably sages, nor are they unquestionably fools. Both of us are simply ordinary people. How can any person lay down a rule by which to distinguish right from wrong? For we are all, one with another, wise and foolish, like a ring which has

no end. Sincerely revere the Three Treasures. The Three Treasures are: Buddha, Dharma, and Sangha. There is no age in which people cannot find the Dharma to be noble. Those who are extremely wicked are few, but when they are taught the Dharma, they can follow it. Unless they align themselves with the Three Treasures, on what basis can they correct their mistaken ways?

Thirdly, Shinran Shonin's words, "May there be peace in the world and may the Buddha's Teaching spread!"

Our Theme & Slogan for 2018 is *Embrace Change: Harmony (Accept Differences)* and encourages us to accept differences and live in harmony with each other, but due to our self-centered tendencies this is most challenging. However, we are being encouraged by the Buddha-Dharma. Harmony and accepting differences is not a sign of weakness or powerlessness. On the contrary, it requires deep insight and inner strength as exemplified by the Two-Headed Bird/Gumyocho (found in the border pattern of this year's calendar) that symbolizes the truth of interdependency which our 25th Spiritual Leader is emphasizing. His Eminence Gomonshu Kojun Ohtani shares:

Everything in this world exists based on interdependency. When we are not aware of this, we tend to think to ourselves that our own perspective is the only one that is right and justified. This is what causes conflicts to arise. How then, do we attain peace that we seek in the world today?...it is necessary that we first treat others with the same care and respect that we would show ourselves. The weakness of our relationships with each other is the result of us thinking about ourselves more than others.

In 2018, nurtured by Buddha's Wisdom and Compassion, may we become more aware of the virtues of humility, self-reflection, mutual respect, non-violence, equality and harmony contributing towards a more peaceful, compassionate and harmonious world. Namo Amida Butsu/Entrusting in All-Inclusive Wisdom and All-Embracing Compassion!

New Year's Greeting from Kyodan President

Pieper Toyama

Embrace Change: Harmony Accept Differences

Our theme for 2018 calls us to walk the path of change in harmony by accepting differences. It is a particularly difficult time for us to walk this path while the world seems to be dissolving into divisive fragments. As we are swept by world events that seek to divide us one from the other, many feel that the development and flow of events are no longer in our control. We are simply bystanders watching human society fracture and its pieces fall away from each other. These sweeping events make us feel that our personal efforts to accept differences and live in harmony are inconsequential. How can a small personal act on my part change the course of world events? How can I make a difference?

It would be unfortunate if a world full of caring people are overtaken by doubt that one person can actually make a difference. Such doubt about the value of our personal actions surely dooms all of us to be blown about as leaves are scattered before gusts of wind.

The teachings tell us of the preciousness of life, each person's life, and the preciousness of a single act of kindness that emanates from that life. If Namo Amida Butsu is real and true then actions that naturally evolve from Namo Amida Butsu are real and true.

As we meet the tasks and events that we set for ourselves, let us take them on in the spirit of the Nembutsu. It is through the love and presence of Amida in our lives that we have these precious opportunities to bring joy into this world, into the lives of others and into our lives. So as each day unfolds in 2018, let us reflect on the opportunities that await us and review the tasks and events we have planned. With hands in gassho, let the sound of Namo Amida Butsu flow from our lips with gratitude that on this day, embraced by the love of Amida, we have the

chance to meet those with different thoughts and feelings from us, to accept them as fellow travelers, to wish that no difficulties come to them, and that they live in peace and harmony. Let us remember the small actions we take to create harmony in the world in 2018. And let these small actions collectively speak of our sincere desire for peace.

Namo Amida Butsu,

Pieper J. Toyama

PRESIDENT'S MESSAGE

Doris Oshiro

This year, the Hongwanji Statewide slogan is "Embrace Change: Harmony, Accept Differences." This is part of five slogans from 2015-2019 that has helped us move forward to "Embrace Change."

2015 began with "AWARENESS, Seek Opportunities," which brought us to understand ourselves, and the world around us. It allowed us to create a new vision in 2016 that helped set the framework and provided "ACTION: to Open Communications" in a mindful manner in 2017. This year, while embracing change, we seek "HARMONY, by Accepting Differences" with people and our environment.

2017 was a year of many challenges. Not only for Jikoen, but throughout the world! As we enter the New Year, I ask, are we at a crisis level? Incivility, bullying, and violence are part of the major issues facing our nation.

Here in Hawaii, we struggle with countless issues! No one will know what will happen next or what the future holds, but we can be certain of what is here and happening now. To keep moving and to meet the needs of our Sangha, we need to seek HARMONY, by Accepting Differences. This begins with each of us individually. How we relate to one another, to understand why a person believes differently than we do, and being able to disagree with one another while still respecting each other.

It begins with each of us to set a good example by practicing being civil in our lives and reflect with awareness. If we can do just that, then maybe we can change the tone and restore being civil in our state, our nation, and the world.

Again I ask, "Where will Jikoen be in five years?" What can we do to spread the Dharma? How will we meet the

(continued on page 7)

(continued from page 6)

needs of our members, the future generations, and our community? Can we survive financially? How can we maintain our aging temple? Will we be able to survive change? What challenges will we face in the years to come?

There are many questions! However, we must all share a common vision and ask ourselves, what can I do to Embrace Change:

- to keep Jikoen alive and Seek Opportunities?
- to get where we want to be and Create Engagement?
- to Open Communications and implement our goals?
- to Accept Differences in harmony?

We can use this time to reflect over the past year and to ponder the New Year. Reflect with awareness. Know we have a good chance of doing things right through wisdom and compassion. Love allows everyone to be themselves, just as they are. To be open to the suffering of all people and therefore being able to help where help is needed.

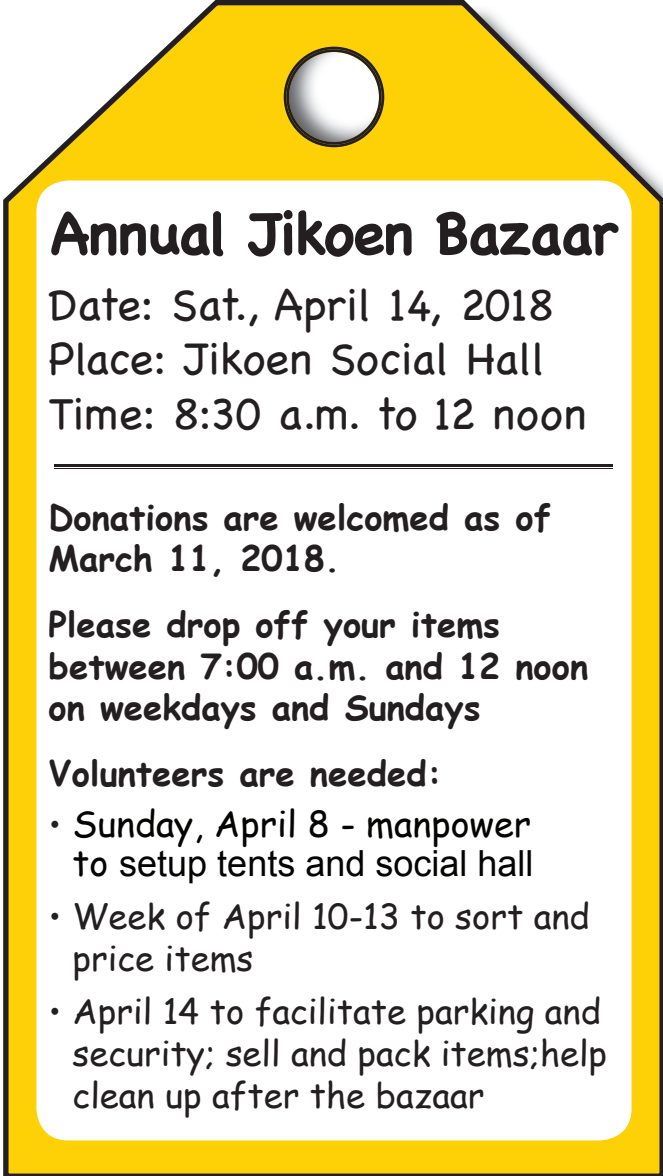

When we see the world with wisdom and compassion, we also develop love for it. Then we will see that it is us and when you love as we love ourselves, we also develop wisdom towards all, we feel the suffering and find a way out.

We are enlightened together as one. We are all interconnected and can accept differences. Take the time to reflect on who's living this life and see the heart of our precious existence. Seeing this true meaning of existence, we have the wisdom for all things.

When you see your true self, you will see the world in a different way. Wisdom and compassion is spread to all we encounter.

Wishing all of you wisdom and compassion in the New Year and to embrace change in harmony by accepting differences, because it starts with you!

Jikoen will be celebrating it's 80th Anniversary this year. We will keep you informed of upcoming celebratory

Gratitude for Floral Arrangements and Kadomatsu

The altar and nokotsudo were adorned with beautiful flowers for Jikoen's New Year Service. Our heartfelt gratitude to Nobuko Kida Sensei, Carol Yumiko Nagata, and Ann Moribe for taking the time to arrange the flowers.

Much mahalo to volunteers for donating fliers and green foliage. A beautiful "gate pine" arrangement was placed at the front gate. It was arranged and donated by David Crawford and Claire Uehara. Deep gratitude to Claire for also preparing and donating celebration food of kuromame or black soy beans for the after service refreshments. She has done this for many years.

Congratulations, Keith Oshiro!

Congratulations to Keith Oshiro, Shihan. He has been with the Hoogeji Ryu Hana Nuuzi no Kai, Nakasone Dance Academy for over 58 years. They celebrated their sixty-first anniversary with a recital on October 21, 2017. He is also a member of Jikoen's Choir, emcees and leads Sunday temple services.
