Message from His Eminence Gomonsu Kojun Ohtani on The 850th Anniversary of Shinran Shonin's Birth and 800th Anniversary of the Establishment of the Jodo Shinshu Teaching

January 9, 2019

The year 2023 will mark the 850th anniversary of Shinran Shonin's birth and 2024 will be the 800th anniversary of the establishment of the Jodo Shinshu teaching. To commemorate these occasions, we will be having the joint celebratory observance in 2023.

Shinran Shonin was born in 1173 and entered the priesthood at the age of nine. However, after devoting many years to monastic Buddhist practices on Mt. Hiei, he decided to descend the mountain at the age of 29. Following the guidance from his new mentor Honen Shonin, who introduced him to the Primal Vow of Amida Buddha, Shinran Shonin came to entrust himself to the Nembutsu teaching preached by his master. Several years later, their Nembutsu teaching was banned and Shinran Shonin was exiled to Echigo, present Niigata. Following his pardon, Shinran Shonin moved to the Kanto region where he engaged in propagation of the Nembutsu teaching of Other Power, namely the working of Amida's great wisdom and compassion. It is believed to be then when he began writing his main literary work, *The True Teaching, Practice and Realization of the Pure Land Way*, known as *Kyōgyōshinshō*. Since the essence of his teaching that emphasizes entrusting oneself to the Buddha's working of Other Power and recitation of the Nembutsu was clarified in the composition, the *Kyōgyōshinshō* is also referred to as *gohonden*, or the most foundational scripture of the Jodo Shinshu teaching. Based on Shinran Shonin's own inscription in the writing stating that he was 52 years of age at the time, the year 1224 became designated as the year when the Jodo Shinshu teaching was established.

Buddhism began approximately 2500 years ago when Śākyamuni became a Buddha, awakening to the true reality of this world, such as, the principles of dependent origination, impermanence, and no-self. However, ordinary people like us are neither able to realize the truth of enlightenment nor practice a life of nonattachment. To

the contrary, we see things from our egocentric viewpoint and because of that we constantly suffer, encounter hardship, and fight with one another. That is why Śākyamuni Buddha informs us of the existence of Amida Buddha who had vowed to save all ordinary and foolish beings like us, by guiding us to supreme enlightenment. Furthermore, Shinran Shonin clarifies that we, as the recipient of Amida's working, have already received the Buddha's wish in the form of the Name, *Namo Amida Butsu*.

As the manifestation of the ultimate wisdom and compassion that accepts everything as it is, Amida Buddha's working equally embraces every living being, never to abandon us no matter how egoistic and filled with blind passions we may be. When truly realizing how vast the Buddha's compassion is, we cannot help but feel ashamed of our way of living that is a far cry from Amida Buddha's wish. That is why Shinran Shonin laments, "How ugly it is! How wretched!" in referring to himself. However, this feeling of shamefulness could motivate us to endeavor to lessen the Buddha's sorrow even if only limited results were expected. Furthermore, that sentiment should synchronize with our efforts of sharing the Buddha's Vow with as many people as possible and feeling others' grief and joy as our own, because these acts are in accord with the wishes of Amida Buddha, and also Shinran Shonin who aspires for peace and tranquility and the Buddha's teaching to spread throughout the world.

Let us appreciate the Dharma and Nembutsu teaching even more deeply, and together strive to realize a society in which everyone can live in peace and harmony, resonating in the hearts and minds of all. As the first step of this movement, I would like to ask for everyone's cooperation in continuing our organizational plans for the future and successfully conducting the joint celebration of the 850th Anniversary of Shinran Shonin's Birth and the 800th Anniversary of the Establishment of the Jodo Shinshu Teaching.

Service Schedule

At the conclusion of the annual commemorative ceremony of the establishment of the Jodo Shinshu teaching on April 15, 2019, Sennyō Monshū unveiled the schedule of the Joint Celebration of the 850th Anniversary of Shinran Shonin's Birth and the 800th Anniversary of the Establishment of the Jodo Shinshu Teaching. The ceremonies will be conducted in 2023.

June 1, 2019

Dear Family of a Late Loved One,

Jikoen Hongwanji Temple invites you to observe the Hatsubon Memorial Service (the first Bon memorial service) for those who have passed away since Obon (July) of last year. It will be held at the temple on Saturday, July 6, 2019 from 9:00 to 9:45 a.m.

If you are not able to attend this special service, you may schedule your own separate service with the Rev. Shindo Nishiyama by calling our temple office at 845-3422.

Please come at least 15 minutes before the service begins to register your loved one's name at the entrance. Envelopes will be available for you to make your Hatsubon monetary offering to Jikoen and the honorarium to the Rev. Nishiyama.

We will not be accepting any flowers or mochi for the altar. You do NOT need to bring your family record (*kakocho*) nor the memorial tablet (*ihai*).

Please RSVP at 845-3422 or email jikoen.info@gmail.com to reserve your space with your name and contact phone number, the name of the deceased, and the number of attendees (**only immediate family due to limited seats**).

Unfortunately, for our wheelchair-bound participants, our chairlift is out of service and we are currently fundraising through our capital campaign to install an elevator-lift. Please be prepared with another arrangement to help them go up the stairs. We sincerely apologize for this unfortunate situation.

At our annual Bon Dance, we will be hanging Memorial Ribbons with the names of those who have come before us on the lanterns around our Yagura. If you would like to purchase Memorial Ribbons to honor your loved ones, please see the included form.

We look forward to seeing you at this special Hatsubon Memorial Service in memory of your loved one. Please feel free to call or email us if you have any questions.

Arigato and Aloha,

Doris Oshiro

Bishop's Corner

Bishop Eric Matsumoto

As we observe Shinran Shonin's Birthday (Gotan-E), this year, let us turn our attention to the recent Message from His Eminence Kojun Ohtani about the upcoming Eight Hundred Fiftieth Anniversary of Shinran Shonin's Birth and Eight Hundredth Anniversary of the Establishment of the Jodo Shinshu Teaching which will be observed in 2023, in that message, he states,

"When truly realizing how vast the Buddha's compassion is, we cannot help but feel ashamed of our way of living that is a far cry from Amida Buddha's wish. That is why Shinran Shonin laments, "How ugly it is! How wretched!" in referring to himself. However, this feeling of shamefulness could motivate us to endeavor to lessen the Buddha's sorrow even if only limited results were expected. Furthermore, that sentiment should synchronize with our efforts of sharing the Buddha's Vow with as many people as possible and feeling others' grief and joy as our own, because these acts are in accord with the wishes of Amida Buddha, and also Shinran Shonin who aspires for peace and tranquility and the Buddha's teaching to spread throughout the world."

As I reflect on Gomonshu's guidance, I recall the phrase "...to live the Nembutsu" as found in Lamp for the Latter Ages, Letter 16 in which Shinran Shonin's says "One must seek to cast off the evil of this world and to cease doing wretched deeds; this is what it means to reject the world and to live the Nembutsu." To be sure, it says "to live the nembutsu." "Rejecting the world" does not mean to abandon the world as meaningless and worthless. It means lamenting one's negativity and grateful responding in gratitude to Amida Buddha's Unconditional Compassion and thus care about this world by trying, imperfect and inconsistent as I am, to live my life according to the Dharma.

Speaking of gratitude, in the Pali language, gratitude is defined as "knowing what has been done." In the Chinese language, one of the Chinese characters for gratitude is comprised of two parts, one which means "cause" and the other refers to the "heart-and-mind." Thus, it reminds us to keep the cause (of why we are grateful) always in

mind and moves the heart. A well-known expression goes "Knowing Gratitude, Respond in Gratitude." In the Japanese language, the word "arigatou" comes from the word "arigatai" literally meaning "difficult to have" with the implication of how precious and rare. It can be about a person, an object, an encounter and even being or existence (life) itself.

Gratitude is such a powerful force. It is more than just a feeling or emotion. True gratitude is life changing. Life transforming. In The Teaching of Buddha, it shares that the Wise show appreciation not only to the person(s) who helped (them) by returning some act of kindness, but to all those around them. Thus, expanding the circle of gratitude. Gratitude can change us and the world. In our current times with so much uncertainty, fear, violence, hatred and negativity what we need is a positive universal force in society to bring about more peace, harmony and kindness in the world. Truly, illuminated by Amida Buddha's Nurturing Light, encouraged by Shinran Shonin, may we "live the Nembutsu" motivated by the power of gratitude for Amida Buddha's Great Wisdom and Compassion. Namo Amida Butsu.

Message from the Governor General of Jodo Shinshu Hongwanji-Ha Bishop Chiko Iwagami for 2019 PBA Baccalaureate

In his message which was read at the PBA Baccalaureate Service on May 9, 2019, Bishop Chiko Iwagami congratulated the class of 2019.

He shared with the graduates, the spiritual legacy of the School, i.e., the Buddhist concepts of kansha and shojin, each of which refers to "gratitude" and "devotion;" and explained and illustrated these concepts.

Bishop Iwagami stated that at times, things may go as planned, while other times it may be very challenging. In society, we have a tendency to value the outcome. Therefore, it is natural to focus only on the result, however, though the results may not turn out as expected, do not let it keep you down for long, or continue dragging this feeling with you. The same could be said for when things go well. Boasting about your achievement and staying in that state will not get you anywhere. It is important to continue aiming for your next goal and being able to continue moving forward. Only then, can one truly become an admirable and beautiful person in the true sense.
